

We are looking at the features of the different continents. Use Google Earth to zoom in on different parts of our beautiful world.

<https://earth.google.com/>

We are learning to measure accurately. Use a ruler to measure and record objects from around your house.

Use our local library to find non-fiction books about animals.

Create a non chronological report about your favourite animal. Remember to include all the features we have been learning about:

Title

Sub title

Sub headings.

Diagrams / picture:

Bullet points

Interesting facts.

We are looking at the work of William Morris. He was inspired by his local wildlife.

Find out what our local wildlife looks like. Can you sketch some?

We Are Family Learning Log

Learn the compass points. Can you use a compass?

Keep practising your phonics and reading skills.

Music: We have been learning about syllables. Can you clap the beats you can hear in different animal names?
